HK Progressive Group App

Social networking App for Indian community in Hong Kong

HK Progressive Group App, a networking app for Hong Kong-based Indians belonging to the elite community, helps to create and organize events by establishing a direct connection with the members. From monthly luncheons to various social functions, members are allowed to participate in the events with their spouses, friends or family members. Moreover, at the end of each event, you can also get all the images and videos from various users on the same platform.

GoRilla - Cab Rental App For Local Or Outstation Purpose

GoRilla is an all-purpose car rental app developed both on the iOS and Android platforms. You can rent a cab on an hourly basis for the moment or for another time, depending on your specific requirements. It has got two interfaces, one for the user and another for the driver. At the user's end, you can rent cars from different categories such as Hatchback, Luxury, Super Luxury, and SUV. Once you select the car, you will get a fare estimation to your destination depending upon your chosen tariff plan before you click on the "Book Now" button.
